OF THE POSITION.

There are as many positions on the Guitar as there are Frets, with which the Pupil should essentially be acquainted with. I mean that the *LEFT HAND* takes a new form in descending the 1st finger upon the specified Fret, the following Scales in different Keys will illustrate the different position.

I can not too strongly advise the Student not to neglect this essential part. In short to obtain a perfect knowledge of the finger board in running passages.

First position in the Key of D. MAJOR, descend the first finger on the 2^d Fret.
